

CURRICULUM VITAE

Dr. ASHAJYOTHI, C.

Assistant Professor

Department of Bio-chemistry/Biotechnology
Vijayanagara Sri Krishnadevaraya University
Jnana Sagara Campus, Vinayaka Nagar
Cantonment, Bellary-583 105
Karnataka, INDIA

Email: ashajyothi1988@gmail.com

Passport Number: J9319406

Mobile: +918073259740, 8123101956

PERSONAL PROFILE

Sex : **Female**
Date of Birth : **17-07-1988**
Marital Status : **Single**
Languages known : **English, Hindi, Telugu, Kannada**

Objective

To be in the field of academics as a teacher where I can use my passion to develop young minds and work for the overall development of students.

Educational qualification

NAME OF EXAM	BOARD/UNIVERSITY	PERCENTAGE OF MARKS	Class Obtained	Year of Passing
Ph. D (Biotechnology) *Research Intern	Gulbarga University Gulbarga National University of Singapore	-	Completed (DST-INSPIRE Fellow)	July-2017 Jan-2016 to May- 2016
M.Sc (Biotechnology)	Kuvempu University, Shankaraghatta.	83.6%	Ist class with DN (First Rank and Gold medalist)	July-2011
B.Sc (Chemistry,Zoology, Biotechnology)	L.V.D College Raichur, Gulbarga University	87.5%	Ist class with DN (4th Rank to University)	May-2009
PUC (Physics, Chemistry, Mathematics, Biology)	AMES INDP PU College , Pharmacy Col campus, Raichur	63.10%	1 st class	May-2006
SSLC	R.T.P.S. High school Shaktinagar, Dist; Raichur	79.20%	1 st class	May 2004

Details of Doctoral study:

- ✓ Worked as Doctoral student (**DST-INSPIRE Fellow**) in the Department of Biotechnology, Gulbarga University, Gulbarga, under the supervision of **Prof. Chandrakanth Kelmani**. (*Title of the thesis: "Biosynthesis of nanoparticles; its application in combination with Phage and Antibiotics against Multi drug resistant pathogenic Bacteria)* from 04/07/2013 to 07/07/2017.

Work Experience:

- ✓ Worked as **Guest lecturer in Department of Biotechnology and Bioinformatics, In KUVEMPU UNIVERSITY, SHANKARGHATTA-577451, SHIMOGA**, from 19/08/2012 to 28/05/2013.
- ✓ Worked as a **Research Intern under the supervision of Prof. Cao Tong, Sciences Disciplines, Faculty of Dentistry, National University of Singapore**, from January-2016 to May-2016 on the part of the doctoral proposal entitles with "**Stem cells progenies- potent platform for nanotoxicity Assessment**".
- ✓ Worked as **Assistant Professor in Department of Biotechnology, Maharajah's Post Graduate College, Phool Baugh Road, Vizianagaram, Andhra Pradesh, India - 535 002**, from 05/10/2017 to 28/04/2018.

Research Projects Handled: (MS and M.Tech students)

- ✓ "Biosynthesis of Zinc oxide Nanoparticles and its Antibiofilm activity in combination with Phage and Antimicrobial against Multidrug resistant bacteria", 2015-16.
- ✓ "Extracellular Bio-synthesis of Silver and Copper Nanoparticles by *E. faecalis* and its potential applications against multidrug resistant pathogens", 2014-15.

Major Research Project Handling: "*Synthesis of nanoparticles from Enterococcus sps. And its antibacterial efficiency against clinical pathogens and their biofilms*", 2013, MRP-MAJOR-BIOT-2013-15248, UGC, New Delhi, under the supervision of Prof. Kelmani Chandrakanth R.

Research Interest

- **Nanotechnology in Drug delivery**
- **Stem cell biology**
- **Genetic Engineering**
- **Biochemistry**
- **Enzyme biotechnology**
- **Phage therapy**
- **Probiotics**
- **Biomedicals**

Hands on experience

- **Microbiology:** Preservation and maintenance of pathogenic and nonpathogenic bacterial and Fungal species. Isolation and characterization of bacteriophage, virus purification and titration studies.
- **Molecular biology:** Plasmid and genomic DNA isolation, PCR, RNA isolation, Real Time PCR.
- **Phytocompounds Isolation and Analysis:** Qualitative and Quantitative analysis
- **Spectroscopy and Microscopy:** Worked with Fluorescent microscope, Immunofluorescence and confocal microscopes. Carry out sample preparations in transmission and scanning electron microscopy, XRD, FTIR, NTA and Zeta potential studies.
- **Cell Biology** Cell culture: handling experience with hESC and THP-1 cell lines, Cell Viability and Genotoxicity Assays
- **Immunological studies:** Qualitative and quantitative ELISA.
- **Handling experience** in Mosquito rearing
- **Animal handling:** Animal handling (Rats, Mice,), biological characteristics and data, blood collection and administration of fluids and drugs, immunization (s/c, i/p, i/v), *in vivo* passage of nanoparticles in mice and rabbit and Histological studies.
- **Techniques** SDS-PAGE, Western Blotting, Florescence and UV-Vis spectroscopic methods.

PG Project

“Mutational study of *Bacillus Sps.* For the Production of Lipase and Its Biodetergent Activity” at Azyme Biosciences Private Limited,, BANGALORE

(Abstract: Lipase being a hydrolyze enzyme acts on lipids to give fatty acids and glycerol. Soil microbial isolated were screened for the potential producers of lipase using tributyrin plate method. Wild and MTCC 2617 were inoculated in the production medium the wild strain was subjected to mutation and the lipase was partially purified by ammonium sulphate precipitation ,Dialysis and ion exchange chromatography. The characterization of the both the enzymes from different sources showed optimum activity at 55^oC the optimum pH was 9.0 and 7.0 respectively. The enzyme was activated by CaCl₂ and was inhibited by EDTA. The detergent activity of the enzyme in the wild mutant was more compared to MTCC 2617)

Research Papers

Research Paper published in the proceedings of the seminar/ conferences/ symposium

- Ashajyothi.C**, Deepali Chougale and Ramachandra YL, presented a poster on “Mutational study of Bacillus Sps. For the Production of Lipase and Its Biodetergent Activity” at National Conference on “Biotechnology and Society NCBS-2012” by Department of Biotechnology and Bioinformatics, Kuvempu University, Jnana sayhadri, Shankaraghatta on 19th and 22th April 2012.
- Ashajyothi C**, oral presentation on “Potential bactericidal effect of Silver nanoparticle synthesized from *Enterococcus species*” at two days National level seminar sponsored by UGC on “Innovative technology for sustainable development” held on 22nd and 23rd Febraury 2014 organized by Department of Zoology, Akka Mahadevi Mahila Mahavidyalaya, Bidar.
- Ashajyothi. C**, Manjunath, Rahul Narasanna, Prabhurajeshwar C, Kelmani Chandrakanth R, presented a poster on “Extracellular biosynthesis of silver nanoparticles using *Enterococcus species* and their antibacterial activities” at two days National seminar on “Applications of biotechnology in Human welfare” by Deaprtment of studies in Microbilogy, Davangere University, Davangere on 28th and 29th March 2014.
- Ashajyothi. C**, Manjunath, Rahul Narasanna, Prabhurajeshwar C, Kelmani Chandrakanth R, presented a poster on “Nanotechnological approach for exploring Synergistic Antibiofilm activity of Biogenic silver nanoparticles against Multidrug Resistant Bacteria’s with antimicrobials” 7th Annual KSTA conference 2015 hosted by The Oxford College of Science, At Oxford College of Science, Bangalore on 5th and 6th Feburary 2015 (Honored with appreciation prize).
- Ashajyothi. C** and Kelmani Chandrakanth R, presented a poster on “Efficacy of Biogenic nanoparticles as an antifungal and mycelium growth inhibitor against Fungi; An *in vitro* syudy ” 8th Annual KSTA conference 2015 hosted by Bangalore Institute of Technology, Bangalore on 5th and 6th November 2015.

6. **Ashajyothi C**, presented a poster on “Prevalence and Antibiotic susceptibility of Fluroquinolones resistant *Shigella species* isolated from infants stool in Gulbarga distric, North part of Karnataka, India” 8th Annual KSTA conference 2015 hosted by Bangalore Institute of Technology, Bangalore on 5th and 6th November 2015.
7. **Ashajyothi C**, Oral presentation on “*In vitro* toxicity assessment of Biogenic nanoparticles on Human embryonic stem cells derived epidermal lineages” at Two days seminar for Research scholars (Faculty of Science and Technology), Gulbarga University, Kalaburagi, held on 9th and 10th February 2017.

Software proficiency:

MS-Office 7 and 10, Windows XP and Vista, Open office, Adobe Photoshop, DNA and Protein sequence Analysis, Phylogenetic tree, multiple sequence alignment (ClustalW).

Extra co-correculum

- Demonstrated the advanced techniques in “Nanobiotechnology” in UGC Sponsored Five days Workshop on “Hands on Traning on Advanced Techniques in Biotechnology”. Department of Biotechnology, Gulbarga University, Kalaburagi on 7th to 11th June 2017.
- Participated in Faculty Development Programme on “Recent Advances in Immuno Molecular Diagnostics”. Government of Karnatak, Vision group on Science and Technology, Department of IT, BT and S & T in association with the Oxford college of Science and Aristogene biosciences, Bangalore held between 9th to 12th January 2013.
- Participated in Two days KSTA Regional conference on Science and Technology for development on 30th and 31st January 2014.
- Participated in Special lecture series on Advances in Bio-sciences for Post graduate students, Sponsered by Karnataka Scienc and Technology Academy, Bangalore, organized by the Department of Botany, Gulbarga University, Gulbarga from 10th to 12th March 2014.
- Two Days National Seminar on “Present Scenario of Microbial Life”. Department of P.G. Studies and Research in Microbiology, Jnana sahyadri, Shankarghatta-577451.
- National level Seminar on “Bio-IT” computing code of life. Department of Biotechnology, GM Institute of Technology, Davangere-577006.
- National workshop on” Usage of Instruments for Nanotechnology Applications”. In association with SINSIL INTERNATIONAL , Bangalore .Department of Nanoscience and Technology and Department of Industrial Chemistry, Jnana sahyadri, Shankarghatta-577451.
- State Level Symposium “Treatise on Contemporary Molecular Biology” Department of Biotechnology ,Sahyadri Science College (AUT) ,Shimoga.
