11. Candidate needs to select the Programmes/Courses for which he/she seeks to take admission. Application Processing Fees is to be paid for every programme/course he/she opts. The Application Processing Fees is Rs. 300 per Programme/Course for OBC/GM candidates and Rs.150 per Programme/Course for SC/ST/Category-I candidates.

12. The Application Fees paid at the time of registration and Admission Fees paid at the time of taking admission will not be refunded or adjusted under any circumstances.

13. Upon "Final submission", candidate needs to fill the options entry.

14. Options entry is a process where the candidate is required to choose Departments/Colleges and courses from the list of options available with priority. Based on the options entry made, system will allot the seats in the order of merit. Options entry filling format is as shown below:

Programme/Course	Department/College	Priority of Option (1 – 15)

15. Options entry corrections will be closed before the first round of seat allotment.

16. After the options entry, student can make the payment through payment gateway. Multiple payment gateways are available for making the payment. Upon successful fee payment application will be generated.

17. Candidate need to print the application and submit at the time of verification of original documents at designated centres without fail. **Candidate will not be considered for admission if he/she fails to submit the print out (hard copy) of application and get their original documents verified.** Candidate may get his/her documents verified at any of the following venues:
    d. Concerned Departments at Vijayanagara Sri Krishnadevaraya University, Jnana Sagara (Main) Campus, Ballari
    e. VSK University PG Centre, Koppal
    f. Kottureshwara Degree College, Kottur

18. Re-printing of application form is available for the candidates who have made the payment through payment gateway.

19. **Mock Seat Allotment**

    Based on the options entry made, mock selection will be done and the list of candidates selected will be displayed. This is not an actual allotment. This gives an indication to the candidates about chances of getting the chosen programme and the institution. Based on the mock allotment, candidate will be allowed to modify the options entry and priority. After this selection, no more corrections will be allowed.

    Note on Mock Allotment: After the entry of options is completed, based on the real data mock allotment will be carried out and the allotment status will be hosted on the University Website (www.vskub.ac.in) as well as in Candidate Portal. The candidate has to verify the status of their allotment. Here, the candidate after ascertaining Department/College and Programme/Course allotted, if he/she wants to change / modify options can do so within the stipulated time given. **Based on the modified entry of options the Actual (real) Allotment will be carried out.**

    Why do we conduct Mock Allotment?

    Based on the Mock Allotment a candidate comes to know his/her status of allotment as per his/her priority of options. This gives a clear indication to the candidate to change or retain the entered options. Candidate can come to know that the other candidate with lower merit has got seat which he/she was eligible but for his/her not entering that option. Therefore, candidates will be given one more choice to change the priority of options, deletion or addition of options. **Due to change in the options by candidates after Mock Allotment, one may not get the same seat in the real allotment as was allotted in the mock allotment.**

20. **Seat Allotment**

After the priority selection or modification after the mock allotment, first round seat allotment will be done and list will be announced. The same procedure will be continued if the seat allotment is extended for multiple rounds.

Seat Allotment Procedure: Programme/Course-wise and Department/College-wise Seat Matrix prepared by the University as per 100 points roster system of Karnataka Government will be adopted for allotment of seats. The Seat Matrix can be viewed in this brochure. After the last date and time fixed for entering the options is over, action will be taken to allot the seats in the order of merit-cum-reservation based on the priority of the options entered by the candidates. If there is a tie of percentage of marks between/among the candidates, only final year (V and VI Semesters) degree percentage of marks is considered to break the tie. Even then also if tie continues Second Year (III and IV Semesters) and next if required, First Year (I and II Semesters) degree percentage of marks are considered to break the tie.

First, all the candidates irrespective of their individual category are considered for the allotment of seats under General Merit as per the options given by them. After the General Merit seats are exhausted, the candidates belonging to the respective categories will be allotted the seats in their respective category as per their merit and as per the options given by them.

It is very important to candidates to give their options very carefully and after considerable thought and after discussing with their parents and elders. If by chance the option given by the candidate is not well thought, he/she may lose a seat in a good Department/College as he/she may not have given option for that particular Department/College or would have given lower options. For example a candidate is interested in institution A, but by mistake or by oversight he/she has given a lower preference for that institution and has given higher preference for some other institution. The computer then will allot a seat as per his/her rank and as per his/her higher priorities. In this way he/she may tend to lose a seat in the institution of his/her choice merely because he/she has not given a correct priority of options. Hence, be careful in assigning priorities to the Programme/Course and Department/College.

21. **Admission**

Choice 1: Candidates satisfied with the allotted seat and willing to join the allotted Programme/Course and Department/College shall pay the prescribed admission fees through the payment gateway available and download the admission order from Candidate Portal and **report to the concerned Department at Vijayanagara Sri Krishnadevaraya University, Jnana Sagara (Main) Campus, Ballari at the earliest but before the last date mentioned in the admission order to confirm your admission.** The Chairman of the Department will give the acknowledgement to the candidate for reporting at their respective Department.

Further, any candidate who has paid the fees and obtained the Admission Order fails to report to the concerned Department on or before the last date and time specified in the Admission Order, for such candidates no extension of time will be given and the allotment made in his/her favour shall be treated as Cancelled and he/she has no claim further on such allotment and they will not be considered for allotment of seats in the subsequent round. Such seats shall revert back to the pool and fee paid by them will be forfeited.

Choice 2: Candidate satisfied with the allotted seat but willing to participate in the next round can **pay the prescribed fees through the payment gateway for seat confirmed or allotted in the first round**. If better option gets allotted in the second round, then earlier allotted seat gets cancelled automatically OR if better option seat is not allotted in the second round, then the earlier allotted seat shall remain in candidate's favour.

Choice 3: Candidate is not satisfied with allotted seat but wish to participate in the next round with all the already entered options except the allotted options by surrendering the allotted seat and also re-ordering of already entered options. All candidates who are not satisfied with the choice of seat or course allotted shall necessarily give their willingness for the next round of allotment i.e., the 2nd Round.

22. If a candidate finds any difficulty, he/she may feel free to contact the Help Desk for the assistance during the time specified.
