<b>CURRICULAR ASPECTS</b>	
<b>1.1 - Curriculum Design and Development</b>	
1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and	

global developmental needs which is reflected in Programme outcomes (POs), Programme Specific Outcomes(PSOs) and Course Outcomes(COs) of the Programmes offered by the University

The University has been striving to develop and implement curricula which have relevance to the local, national, regional and global developmental needs. The programmes which have direct relevance to the local needs include M.Sc. in Industrial Chemistry, M.Tech./M.Sc. in Mineral processing, M.Sc. in Applied Geology have been started as many industries and mining companies have been situated in the surrounding locality. Apart from the conventional PG programmes, the specific programmes like Computer Science, Microbiology, Biotechnology, Master of Social Work, Women's studies, Drama etc have been started in the university. The curriculum has been revised at regular intervals to have curriculum in line with local/regional/national/global needs. Also, various departments offer open elective courses. Open elective courses such as Communicative English, Drama, Yoga, Teaching Methodology have very high relevance to the local region. Many of the courses offered by the Science departments, Commerce & MBA departments and Arts departments address National and Global needs. Few departments also courses on Entrepreneurship, Research methodology, Communication, Leadership and Intellectual Property rights. All the programmes in the university have well defined Programme Outcomes (POs) and courses with well defined Course Outcomes (COs) to address programme outcomes. The curriculum has been revised at regular/suitable intervals to add new courses which have relevance to local, regional, national and global needs.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organises special Programmes for advanced learners and slow learners

The university assesses the learning levels of the students through exams, assignments, seminars, presentations etc and identify the slow learners and advance learners on a regular basis and gives clear instructions to the departments to conduct remedial and personal counseling to the slow learners. In case of advanced learner the students are encouraged to participate in executing special projects, competitions conducted within and outside the university. The university also organises the special programs for the students both slow and advance learners in the form of special lecture by the corporate peoples, eminent scholar, soft skill experts etc. The university also offers database like Shodhganga, J-Gate etc for real time data which helps them in the preparation of projects and assignment. However tutorial classes are also engaged for better learning. The students are also provided with language laboratory facilities for the improvement of communication skills. The advanced learners along with slow learners are encouraged to involve in organising various events at the department and university level. The advanced learners are also involved in extension activities conducted by departments and National Service Scheme (NSS) units. The students are part of organising national / state level days in the campus.

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences

The various departments in the university practices student centric methods to enrich learning experiences. The practical courses for the students have been integrated among all the science programs and some of the social science programs in the university. The university also facilitates the students to enrich their knowledge by participating in the Field Projects, Excursions etc. These activities help students to develop problem solving methodologies and inculcate practice of participative learning. The departments also use Case studies and Simulation based classes to enhance the learning experience of the students. Different simulations are used in different courses which help the students generate different scenario and take decisions as per it. In most of the departments the students go for field work which provides an opportunity for the students for incorporating and practicing problem solving methodologies. The compulsory Research project course for all PG students makes students to learn how execute a project and gain team spirit qualities. The internships in few departments help students to get the live working experience and confidence level. The faculty members adopt student centric methods in class rooms to enhance student learning. The students are encouraged in participative learning in solving assigned tasks.

2.3.2 - Teachers use ICT enabled tools including online resources for effective teaching and learning processes during the year

The university has provided LCD projectors for class rooms and internet facility to encourage ICT enabled teaching-learning process. The academic year 2020-21 was completely affected by Covid-19 pandemic. Therefore it was not only a choice but also the compulsion for the teachers to adopt and practice ICT enabled tools. The faculty members in the university have understood the importance of using the ICT tools in the teaching process and

hence they are using the ICT tools such as digital pen and pad, wiki blogs, animated simulating models, demonstration videos, projectors etc. The use of laptops and internet has become a common practice for both the teachers and students. Some of the teachers have also undergone the short term courses on use of ICT for teaching which has facilitated the teachers to effectively use the ICT enabled tool. Almost all the departments have used online platforms such as Zoom , Google Meet, Webex etc to conduct classes during pandemic. The faculty members have developed video lectures and circulated them to students for better learning. The teachers also have used NPTEL and other video lectures for teaching-learning process. The ICT tools also have been used for conducting assessment tests online.

## GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 - Institutional Vision and Leadership

6.1.1 - The institution has a clearly stated vision and mission which are reflected in its academic and administrative governance

The University constantly strives to impart quality higher education by laying paramount emphasis on quality teaching and serious research. This is reflected in University's vision and mission statements.

Vision - "Envisioning the power of mind" ("Dhiyo yo naha prachodayath")

Mission -"To organically evolve as a socially sensitive institution for imparting quality higher education with greater emphasis on scientific temper and research and for empowering students for social and financial inclusion; and for better career, entrepreneurship and quality of life".

The university strives to achieve academic excellence through its unique curriculum. Also, the University provides facilities for academic, research, cultural, sports etc to realize the vision and mission. The university also supports the departments to offer value added courses, co-curricular activities including special lectures, seminars, workshops and support financially to bring about holistic approach in education as stated in Vision. The university conducts various extension activities where students are exposed to the concerns of the society. The compulsory Research project in fourth semester for PG students creates research bent of mind among students.

Administrative Governance is effectively managed by decentralization as reflected in various bodies such as Faculty, Syndicate, Academic Council, CDC, PMEB, IQAC, DSW and such others.

6.1.2 - The effective leadership is reflected in various institutional practices such as decentralization and participative management

The effective leadership is reflected in decentralization and participative management as it the practice of the University to empower the Deans, chairpersons and coordinators of departments to plan and execute the academic activities of their respective departments, while the University strives to support the endeavours by providing the much-needed resources. All the faculty members are involved in different committees of university.

Participative management is witnessed at the University since there is an active involvement of stakeholders at all the level of decision-making and strategy formulation. Students being the major stakeholders are involved in both the administrative and academic matters. For instance, The University has inducted six students - two each from UG, PG and Doctoral programs into the Academic Council and they participate in the Academic Council Meetings regularly. Apart from this, every new student is inducted into the university by conducting induction programme and this is completely decentralized and is the accomplished by the departments on a particular day. The senior students also share testimonies of their experience of the campus, academic challenges, and facilities available during induction programme. Teaching and evaluation, code of conduct, co-curricular activities are explained by the staff.

## 6.2 - Strategy Development and Deployment

### 6.2.1 - The institutional Strategic plan is effectively deployed

The Strategic plan for the year has been to improve the academic acumen by updating curriculum of PG/UG courses and infrastructure facilities.

1. The university under the leadership of vice chancellor, including deans, and chairpersons of BOS planned meticulously to transform the curriculum of all PG and UG courses to enhance the skills and offer wide range of electives to match the needs of the industry. The present curriculum provides sufficient impetus for students to equip themselves with ever changing needs of the business and markets as it gives scope for experiential learning, tutoring, learn from group activities, project based learning, skill based learning and case study method of learning and multi skill development. The departments are also striving to inject the spirit and sense of enterprise into education and research which helps in expanding the horizons of thinking from job seekers to job creators. Our curriculum also imbibes technology into teaching and helps students to gain practical knowledge, aids in effective decision making.

2. Infrastructure facilities - The University being just a decade old had minimal infrastructure. The strategic plan devised, helped

in bringing up yoga centre, skill centre, hostels, well equipped laboratories, state of the art library etc

File Description	Documents
Upload relevant supporting document	<a href="#">View File</a>

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The university has administrative set-up as per the university acts. The four important sections includes Vice-Chancellor Section, Registrar Section, Registrar (Evaluation) section and Finance section. Dean of faculties oversee the activities of respective departments. Every department is managed by Chairpersons. The university has two highest governing bodies namely Academic Council and Syndicate. All the academic and other matters are discussed in the meetings of Chairpersons, Deans and they are approved by Academic Council and Syndicate.

The university has well defined policies and procedures (Ex: Research and Consultancy policy, IPR Policy, IT Policy, Consultancy Policy, Green Policy etc.) for the smooth conduct of activities. The university has various regulations as per the Karnataka State University Act. The appointments are done as per UGC regulations and Karnataka State Government norms. The service rules are in line with KCSR (Karnataka Civil Service Rules).

### 6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has a performance appraisal system, promotional avenues and effective welfare measures for teaching and non-teaching staff

The University has put in place an effective performance appraisal system which is known as Self Appraisal Report (SAR) and Performance Appraisal Report (PAR) submitted by every faculty at the end of the year. This enables the individual faculty members to evaluate themselves pertaining to various aspects like

- Teaching, learning and evaluation process and activities
- Research in terms of publications and academic growth and
- Co-Curricular, Extension and Professional Development related activities

The objective of SAR/PAR is to highlight the role and responsibilities shouldered and

Performance of the employee in the preceding year.

The University also has promotional avenues in terms of Career Advancement Scheme (CAS) where eligible faculty members apply through a well designed format and based on UGC and AICTE CAS regulations for promotions, the University through DPAR cell reviews the applications and promotes the staff with the approval of the syndicate.

The University has various welfare measures for both teaching and non teaching staff such as NPS, Insurance, Medical Reimbursement, Medical Leave, Maternity/Paternity leave, Child Care Leave, Yoga Centre, Cafeteria, post office and bank availability in the campus, Health centre, Sponsorships to attend conferences and FDPs, Wi-Fi facility, Crèche, Laptop facility and such others.

## INSTITUTIONAL VALUES AND BEST PRACTICES

### 7.1 - Institutional Values and Social Responsibilities

#### 7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The University with an objective to promote gender parity has established a separate department that is Department of Women Studies. It offers MA in Women Studies as a specialization for a degree holder. Apart from this, the Department of women studies also offers open elective courses for the students of other departments.

The University also celebrates women's day annually. Additionally, the University has set up Internal Complaints Committee to look into matters of sexual harassment or any other complaints in line with the UGC guidelines. Also, the student grievance cell is available for girl students to voice any issues whether curricular or otherwise. Mentoring and counseling is also effectively done to address the grievances/complaints or problems raised by students.

Women employees of the university are provided with maternity leave as per the UGC guidelines. The University has also set up a crèche in 2019 with an objective to support the working women and empower them. The University has also been periodically organising health camps, training programmes, seminars, workshops etc. on gender equity and sensitization.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

The University is dedicated to effective environment friendly discarding of waste which may be solid, liquid, biomedical etc. As there is no Underground Drainage System in the campus right now Solid Waste (waste from Toilets ) is been connected to Septic tanks and Liquid (from bathrooms) is connected to existing open ponds available. Sanctioning of Underground drainage system from the city to the university main campus is under consideration at the appropriate governmental level.

The used chemicals are effectively disposed through a mechanism adopted by the University. The concentration as well as the volume of chemicals used in the laboratory are in semi micro level. The acids are disposed by neutralizing with weak bases and flushed with lot of water. Solvents are collected and recycled by distillation. The toxic materials are sent for incineration.

Broken glass-wares are collected and returned to the suppliers. With regard to bio medical waste, microbial culture waste is autoclaved and then discarded. Waste from laboratories is disinfected, sterilized and then discarded appropriately. Return of electronic scraps as e-waste is facilitated at the University and awareness is created at the University level regarding the e-waste disposal.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words)

The University although need not put it much efforts to promote regional harmony, culture etc. due to the fact that the University falls to the border of Karnataka and Andhra Pradesh. Most students are multi-lingual and are well aware of the culture of the other neighbouring states. That said students are encouraged to understand the history, culture and diversity of this land through various activities such as Kalyan Karnataka Divas. Every year University level celebration such as Youth festival, cultural festival includes folklore songs and skits exhibiting not just the talent of the students but bring students together through the deep routed culture.

Apart from this, students are encouraged to be a part of NSS and NCC which addresses social issues and brings out the mindset of public service. Many departments offer courses pertaining to the social issues such as History, Law, women studies etc.

Apart from celebrating birth anniversaries of most personalities, birthday of Sardar Vallabhbhai Patel is celebrated on October 31 as Rashtriya Ekta Diwas (National Integration Day) in which all the students and staff takes pledge for national unity and prosperity every year.

7.1.9 - Sensitization of students and employees of the institution to constitutional obligations: values, rights, duties and responsibilities of citizens:

Through numerous curricular and extra-curricular activities, the University educates students and staff about their constitutional commitments on values, rights, duties, and responsibilities, and tries to develop them as better citizens of the country. As a minor start

toward instilling constitutional duties among students, the University in many departments,

has curriculum including Human Rights, political system, Indian Legal System and such others.

During national festivals, the University raises the flag and invites dignitaries to motivate students and employees by describing the virtues of freedom warriors and emphasizing citizens' obligations and responsibilities. For students and employees, a code of conduct has been created, and everyone is expected to follow the standards. To promote national bonds and relationships, the university encourages students to participate in sports and games, NCC, and NSS at the University to national level. Every year, the university takes great satisfaction in celebrating birthdays of freedom fighters and national leaders. With the help of other departments such as Student Welfare Department, students receive leadership training and also inculcate the values of being a good citizen for the country.

<p><b>7.1.10 - The Institution has a prescribed code of conduct for students, teachers, administrators and other staff and conducts periodic programmes in this regard. ## 7.2 - Best Practices

7.2.1 - Describe one best practice successfully implemented by the Institution as per NAAC format provided in the Manual

## 1. Title of the Practice

Online Admission Process

## 2. Objectives of the Practice

The main objectives of this practice is to make admission process fast, simple & transparent.

### . The Context

At the time when the pandemic (Covid-19) is spreading in the country and making movement of

people difficult from one place to other, the idea of online admission started in the university came into existence.

## 4. The Practice

For submission of application students visit [www.vskub.ac.in](http://www.vskub.ac.in) and go to Admissions 2020-21 on Home Page that leads them to Admission Portal and other admission related information. The software is user friendly and any technical gliteches are addressed immdeiately. The software is used starting aplying for the programme and allotment of seats.

## 5. Evidence of Success

The admission for the academic year 2020-21 was successfully done online mode.

## 6. Problems Encountered and Resources Required

The resources required for this process is online admission portal and is outsourced. Also, Computer labs with internet facility are made use for students assistance within the campus.

## 7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust

(within a maximum of 200 words)

Located in the Kalyana Karnataka area, which is considered economically and educationally disadvantaged and the area falling under the 118th Amendment to the Constitution of India, providing special status including "Local reservation in education and government employment", the University serves a larger purpose i.e. social engineering through standard and quality education.

To realize the Constitutional goals under Article 371J, the University has developed short term and long term Mission. To achieve these, the University has put in place the necessary framework to help foster, develop, and empower a knowledge-based society. To better serve students and society, the intake in most of the departments has been enhanced during the year thereby improving accessibility to quality post-graduate education. Apart from academic developments, constant funding from Kalyana Karnataka Regional Development Board (KKRDB) for developing physical infrastructure is visible through construction of new hostels.

Significant efforts are being channeled to recruit more teachers and non-teaching staff in the recent days. However, within the 12 years of its existence, the University, by being recognized as one of the best upcoming University in Karnataka by the Government of Karnataka, has shown tremendous metamorphic orientation in quality education in the Kalyana Karnataka region.

#### 7.3.2 - Plan of action for the next academic year
